2024_Aero Kit I

for the Cayenne E3.2 facelift models
Coupé / Hatchback

**Looking to define your Cayenne consistently sporty?
Or to stand out with a unique vehicle in the crowd?**

The TECHART Aero Kit I for the Cayenne E3.2 is the answer.

A carbon front. A distinctly shaped hood. A particularly powerful rear. Along with a sports exhaust system and four different TECHART alloy wheels in sizes starting from 21 inches. The TECHART Aero Kit I offers you even more freedom for your individual design.

Inside, the full range of the TECHART interior manufactory is at your disposal. Handcrafted TECHART steering wheels and interior customization in leather or Alcantara provide an exclusive atmosphere.

With the TECHART performance kit, your sport mode can do even more - much more. Up to 66 hp and 120 nm of torque await you in the Cayenne S. For an especially emotional driving experience, the TECHART sports exhaust systems further enhance the vehicle's appeal.

Typical for all TECHART Aero Kits is the timeless, motorsport-inspired design that not only impresses aesthetically but also enhances handling in every driving mode. It ensures balanced aerodynamics at any speed.

The TECHART Aero Kit I also comes with a General Operating Permit from the German Federal Motor Transport Authority, ensuring a straightforward and hassle-free registration process.

TECHART

1. Front Grille Sport Design 2. Front Spoiler I

The new front spoiler and the fully carbon-fiber front grille seamlessly and harmoniously integrate into the design line of the Cayenne, highlighting the sporty character of the Aero Kit I.

The three-part front grille for the sport design models allows quick and easy installation. The massive air intake signals exceptional dynamism, setting the Cayenne apart from standard vehicles and showcasing the unmistakable TECHART-DNA.

Front Grille Sport Design Turbo
Glossy Carbon: 09Y.121.189.009G
Matte Carbon: 09Y.121.189.009M
Front Grille Sport Design
Glossy Carbon: 09Y.121.108.009G
Matte Carbon: 09Y.121.108.009M

Front Spoiler I: 09Y.100.182.009
Only for Sport Design and Turbo models

3. Door Panels

4. Carbon Covers for Mirrors

The kit, consisting of the front spoiler, door panels and aero wings, creates a continuous line from the front to the rear of the vehicle. The door panels seamlessly blend with the aero wings at the rear, emphasizing the sporty design of the Cayenne.

At sight level, the exterior mirrors in high-quality exposed carbon fiber attract attention. The left and right shells are matched to the mirror caps and channel airflow along the sides through additional winglets, further enhancing aerodynamic efficiency.

Carbon Covers for Mirrors
Glossy Carbon: 09Y.121.320.009G
Matte Carbon: 09Y.121.320.009M

Door Panels: 09Y.100.350.009

5. Aero Hood

The Aero hood of the TECHART Aero Kit I is the largest component in the line-up. This double-shelled hood is a masterpiece of engineering, both inside and out.

Its distinctive contouring gives the front of the vehicle a powerful appearance. The hood is available in various finishes: glossy carbon, matte carbon, or paintable in the vehicle's color, allowing for perfect integration into the Cayenne's individual design.

Aero Hood	
Paintable:	09Y.121.199.009
Glossy Carbon:	09Y.121.199.009G
Matte Carbon:	09Y.121.199.009M

- 6. Rear diffuser “Four Fast Fins”**
- 7. Aero Wings**
- 8. Exhaust Tip Kit**

The diffuser “Four Fast Fins,” in combination with the aero wings flawlessly extend the side lines to the rear, completing the aerodynamics of the wheel arches and providing a refined extension to the standard rear fascia. This is a characteristic feature of the Aero Kit I design.

For an audible driving pleasure, the TECHART sports muffler, equipped with an EU type approval, delivers an impressive sound. It can be combined with either the standard tailpipes or the TECHART sport tailpipes made of titanium and carbon. The system includes a polished stainless steel muffler, two electronic exhaust flaps, and a dynamic TECHART flap control system.

Rear Diffuser „Four Fast Fins“:	09Y.100.582.009
Glossy Carbon:	09Y.121.510.009G
Matte Carbon:	09Y.121.510.009M

For Vehicles Without Trailer Hitch (AHK):	+9Y.100.055.000
For Vehicles With Trailer Hitch (AHK):	+9Y.100.056.000

Aero Wings:	09Y.100.592.009
Rear Diffuser „Four Fast Fins“ Including Aero Wings:	09Y.100.583.009

Exhaust Tip Kit Titanium with Carbon Trim:	09Y.310.800.009

9. Roof Spoiler 10. Rear Emblem

The Aero Kit I roof spoiler for models with a fixed roof spoiler enhances the standard aerodynamics of the Cayenne with an additional wing. This additional profile gives the vehicle a distinctive character and can be ordered in the individual body color or in matte or glossy carbon finishes.

The TECHART lettering completes the identity of your unique vehicle, clearly distinguishing it from standard models. The three-dimensional emblem, made from cast acrylic glass, makes your vehicle instantly recognizable as an individual and refined one-of-a-kind creation.

TECHART Rear Emblem:	09Y.100.712.009
Emblem in Black:	+9Y.100.700.001
Emblem in Silver:	+9Y.100.700.002
Roof Spoiler:	09Y.100.651.009
Paintable Profile:	+9Y.100.651.201
Glossy Carbon Profile:	+9Y.100.651.201G
Matte Carbon Profile:	+9Y.100.651.201M

TECHART

11. Roof Spoiler End Plates 12. Aero Curtain Rear

Visible TECHART performance is also evident at the rear: A sharply contoured spoiler lip on the tailgate provides a striking appearance. The carbon end plates, as an add-on for the roof spoiler, combined with the powerfully designed aero curtains, form the “Carbon-Crown” of all coupé models. This design element not only accentuates the sporty elegance of the vehicle but also optimizes aerodynamics and performance.

Roof Spoiler End Plates
Paintable: 09Y.121.680.009
Glossy Carbon: 09Y.121.680.009G
Matte Carbon: 09Y.121.680.009M

Aero Curtain Rear
Paintable: 09Y.121.700.009
Glossy Carbon: 09Y.121.700.009G
Matte Carbon: 09Y.121.700.009M

13. Roof Spoiler 14. Rear Spoiler Panel

The two spoilers distinctly accentuate the hatchback of the vehicle. The roof and rear spoiler trims form a striking duo, showcasing the material quality of these handcrafted pieces in either matte or glossy finishes. These design elements not only emphasize the sporty lines of the vehicle but also highlight the high-quality craftsmanship and exclusive design.

Roof Spoiler	
Paintable:	09Y.100.650.009
Glossy Carbon:	09Y.100.650.009G
Matte Carbon:	09Y.100.651.009M
Rear Spoiler Panel	09Y.100.700.009

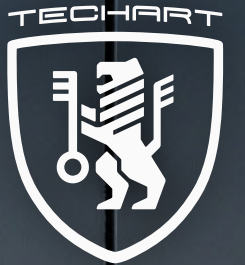

TECHART Daytona II 22 Inch Wheel

The TECHART Daytona II forged wheel is available for Cayenne models in impressive 22-inch dimensions, which enhances the vehicle's powerful presence. This wheel can be ordered in a single or two-tone finish with a custom paint option and, upon request, with an additional polished rim surface.

TECHART also offers the wheel in a "Dualpaint" version: the wheel is painted in a single color, while the rim surface is accented in your chosen RAL color. This option allows for even more personalized styling, highlighting the vehicle's exclusivity.

TECHART Daytona II 22-Inch Wheels
10 x 22 ET 40, Custom Color: 09Y.2F6.102.040CCC
11.5 x 22 ET 58, Custom Color: 09Y.2F6.115.258CCC

TECHART Formula V 22 Inch Wheel

The TECHART Formula V multi spoke wheel: Unmistakable TECHART wheel design, translated into an exceptionally sporty rim. The 20 fine spokes create a tensioned, turbine-like look. As standard, the wheel comes bi-colored in titanium grey/gloss turned or black/gloss turned. Also available painted in individual colors.

TECHART Formula V 22 Inch
10 x 22 ET 61 Bicolor: 071.2F5.102.061BIC
10 x 22 ET 61 GTS: 071.2F5.102.061GTS
12 x 22 ET 65 Bicolor: 071.2F5.122.065BIC
Only in combination with spacers

TECHART Formula VI 21 & 22 Inch Wheel

Delicate Spokes, Lightweight, and Distinctly Sporty Styling: The TECHART Formula VI forged wheel represents the ambitions of the TECHART program for sporty customization. The forged alloy wheel in a 21 and 22-inch size is available for Porsche Cayenne (E3.2) models.

Numerous customization options offer maximum freedom for perfect color matching with your vehicle. These include single or multi-color paint finishes, which can also be ordered with an additional polished rim surface if desired. Color accents in contrast or vehicle colors are also available as a customization option for the Formula VI wheel.

TECHART Formula VI 21 and 22 Inch
9.5 x 21 ET 60 Front Axle Forged Wheel: 071.2F6.952.160.CCC
11.5 x 21 ET 64 Rear Axle Forged Wheel: 071.2F6.115.164.CCC

10 x 22 ET 56 Custom Color: 09J.2F6.102.256.CCC
11.5 x 22 ET 59 Custom Color: 09J.2F6.115.259.CCC

TECHART

“A strong work of art
is always a unique masterpiece.”

We at TECHART embrace the art of engineering
The art of design that manifest in the beauty of Porsche cars
The art of craftsmanship, dedicated to the quality
and refinement of our products
This is what we call a “unique masterpiece”
this is what we call a “Einzelstück”

At TECHART emotion and reason
visible and invisible meet since
1987
